

# Fire Damper Sleeve Part Number Format

To order a SLEEVE these first three characters would be "S L V", A, B, or C.

\*In ordering RETAINING ANGLE SETS, these first three characters would be replaced with "R A S", A, B, C, O or R, and the last four fields (shaded) are left blank.

In order to arrive at net pricing for Sleeves, the List Price (in the grid) is multiplied by a "Gauge/ Length multiplier, e.g. 20 Ga., 12" x .70, found under the List Price Grid, then the Discount multiplier is applied to arrive at the Net Price.
